Parasitologie : classification

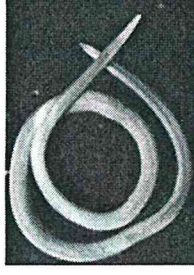

Les protozoaires (unicellulaires) :

- *Plasmodium falciparum*, vivax, malariae, ovale
- *Toxoplasma gondii*
- *Cryptosporidium*
- *Pneumocystis carinii*

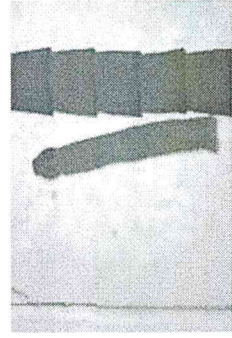

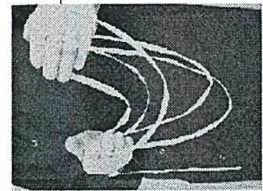

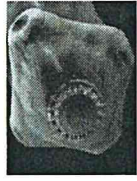

Les helminthes (pluricellulaires) :

- *Oxyures*
- *Ascaris*
- *Taenia*

Ascaris

Taenia

Parasitologie : classification

Les ectoparasites :

- Puces : Pulex irritans
- Poux : Pediculus corporis
Pediculus capitis
Pediculus pubis
- Acariens : Sarcoptides (gâle).
